

# Supporting New Teachers

Term 1 2010

To all Provisionally Registered Teachers (PRTs) and recently appointed Overseas Trained Teachers (OTTs) ....

## Greetings from your Accent Learning support team

We would like to introduce ourselves and outline the workshop programmes that we can offer to help meet the challenges you face as a new teacher in a New Zealand school.

### Some important questions for PRTs & OTTs:

Have you read the Teachers' Council support kit *Towards Full Registration*?

Have you taken part in an induction programme to help you settle in to your new role?

Do you have a suitably experienced and qualified supervising (tutor) teacher to work with you this year?

Have you had the opportunity to plan an appropriate 'advice and guidance' programme with your supervising (tutor) teacher?

Do you have the appropriate beginning teacher time allowance?

Do you know what documentation you should be keeping to prepare for full registration?

The **Towards Full Registration** support kit can be found on the Teachers Council website at ...
