Some important questions:

Are you familiar with the Teachers' Council support kit, *Towards Full Registration*?

Do you have an induction programme for new teachers including Provisionally Registered Teachers (PRTs) and newly appointed Overseas Trained Teachers (OTTs)?

Does each PRT and OTT have a suitably experienced and qualified supervising (tutor) teacher to work with them this year?

Do you know what is involved in an effective 'advice and guidance' programme?

Is each PRT and OTT involved in planning an appropriate 'advice and guidance' programme with their supervising (tutor) teacher?

Do you know what documentation PRTs need to prepare for full registration?

The ***Towards Full Registration*** support kit can be found on the Teachers Council website at ...
